You are receiving a discount for prepaying for your adjustments. If for any reason you do not complete the number of prepaid adjustments within the plan you choose, you will forfeit your discount. The number of adjustments, re- exams, and re-x-rays to date will be recalculated at normal charge of \$40 per adjustment. This will be deducted from your account and any balance will then be due, or if applicable, a refund will be issued for any remaining credit.
